There is an enormous amount of good information and bad information co-mingled on the Internet about Covid-19 (Corona virus). Be especially careful of information found on YouTube, Facebook and other social media sites. There is a great deal of excellent information found on other sites but the safest and best strategy is to visit the few sites listed below first and only go to links which they direct you to.

In terms of the latest news, four recommendations are:

The New York Times:
https://www.nytimes.com/

The Washington Post:
https://www.washingtonpost.com/

The New Yorker:
https://www.newyorker.com/news

The Atlantic:
https://www.theatlantic.com/most-popular

For latest public health information:

U.S.Centers for Disease Control and Prevention (CDC):

Vermont Department of Health:
https://www.healthvermont.gov/media/newsroom/2020-news-releases

World Health organization (WHO):

For up-to-date by the hour global and state-by-state data:

Johns Hopkins School of Public Health:
